Feel free to ask anything in the comments below. --- - Set to 3am - on the streets of Algiers, trying to be as silent as possible, can you help me? - I'm a young male, I can't sleep through the night. - My name is Nabil, I'm from Algiers. - I have a video of a strange man who attacked me in front of my house. It's shot in my hotel room. - Just before it went viral, he was maybe with a girl or two, and he must have been drunk. The last time I saw him, I thought he was going to the bathroom but he didn't. - At 4pm he went out again on the street and I called the police. Now he's probably disappeared. The video is shot on my computer via my cell phone, in Algiers in front of my hotel. The hotel is around 6 minutes walk from my house, on the main street, which is not quiet at all. I'm a neighbor of the neighborhood, on a small street surrounded by the other one, I might be heard by people from those streets. If it happens, I'll try to be quick to hide my face. . What about my family? My family is ok, they don't know the police have told me the guy was a juvenile but when they finally see him in the street they won't understand. My mother doesn't want to believe it was me and thinks it was someone who wants to steal her things or just annoys her.
